Our own Rick Francona's team to the eastern Caribbean:

(note anything interesting about this team?)

Scholarship Award

The Port Orford Rotary Scholarship Foundation has awarded a \$4000 Reinhardt scholarship to Jody Lang, a third year mechanical engineering student at Le Tourneau University in Longview, Texas. Ms. Lang is a graduate of Pacific High School.

Port Orford resident Robert Reinhardt established the Reinhardt Scholarship Trust fund for graduates of Pacific High school who are in their third and fourth years of engineering studies and have maintained at least a 3.0 grade point average.

That brings our 2009 scholarship awards to a total of \$15,700!

(no, we do not abbreviate that as PORN)

*Thanks to a Rotary District Grant, the School Based dental van will receive an additional \$2000. Yea for healthy teeth!

Reminder

Now that summer vacations season is in full session – August being particularly popular – please keep Secretary John Johnston advised of your makeups. Email them to john@portorfordrotary.org.
